

REPUBLIC OF CYPRUS

## Prerequisites for travelers flying to the Republic of Cyprus (Phase B 20/06/2020)

### Introduction

In terms of epidemic prevention and control, the Epidemiological data of Countries, will be considered and re-evaluated on a regular basis, in order to decide the various stages of lifting the restrictive measures for flights to Larnaca and Paphos Airports, until the full and free reopening of the Republic's airports.

Based on the epidemiological Criteria and data, Countries will be categorized as Category A, Category B and Category C.

Main indicative indicators which aid in the decision making for the categorization of countries based on risk assessment

- i. Real reproduction number  $R(t)$ ,
- ii. Daily tests per 100,000 citizens,
- iii. Cumulative impact per 14 days per 100,000 citizens
- iv. Total and COVID-19 specific death rate per 100000 citizens (on a weekly or monthly basis).
- v. Estimated incubation period of the disease,
- vi. Estimated impact of the disease,
- vii. Estimated notification or number of diagnosis tests per 100000 citizens on a weekly basis
- viii. Country risk assessment bases on WHO and ECDC reports.

It must be noted that the classification for each country will be performed following a detailed research and based on various criteria. The criteria are indicative and they may change or altered.

For example, Category A could be considered as the Countries where the  $R(t)$  contagiousness index is  $<1$  or the same as in Cyprus. It should be noted that  $R(t)$  may not be a reliable indicator in countries where no tracking and / or sampling is performed in asymptomatic populations /populations with mild symptoms. If  $R(t)$  is not available or reliable, there should be a steady downward trend in new cases and possibly other more reliable parameters such as the estimated prevalence and incidence of the disease, imports, deaths, etc.

Also, as an indicative criterion, risk assessment can be based on WHO and ECDC reports with the reservation that if the number of tests or the type of surveillance performed in each country is not included. For example, a country with sporadic cases/clusters according to WHO without giving  $R(t)$  and with a high number of diagnostic checks of the population may be considered as low risk.

Therefore, there should be a stratification of countries based on the assessment of transmission risk. It is noted that the stratification will be dynamic and as it was the case at the beginning of the epidemic it will change depending on the circumstances of the countries.

The Republic of Cyprus will accept flights, from countries of all categories, as of 9th June 2020, but with different conditions regarding the required documents. It should be noted that all the measures will be under ongoing review based on the epidemiological data.

There will be two phases of gradual lifting of the prohibitive passengers flight restrictions.

The second phase of gradual lifting of the prohibitive measures, will start on 20/06/2020.

REPUBLIC OF CYPRUS

## Second phase of gradual lifting of the prohibitive measures (20/06/2020)

### Countries of Category A

For Category A countries, during the second phase of gradual lifting of the prohibitive measures, which will be on 20/06/2020, the following documents will be required for flying to the Republic of Cyprus:

- a. Passengers should complete the Passenger Locator Form and the Declarations for Category A Countries of ANNEX I.

*Note 1: Passengers who travel from Category A Countries but they have stayed/lived or travelled abroad within the last 14 days or that they have been passengers on an international flight to/from a country from Category B or C, accordingly within the last 14 days are considered as travelers from Category B or C Countries. All the below requirements for Category B or C Countries have to be satisfied. Airlines will permit them to board on aircraft and fly to the Republic of Cyprus, provided that they carry with them the required documentation and Declarations for Category B or C Countries.*

*Note 2: Passengers should complete in advance the above requirements of Category A on a dedicated web electronic platform of the Republic of Cyprus, except for those passengers who are 65 years of age and older, especially for those who are not familiar with electronic media, or for passengers who, for any justified reason, did not complete the required documents on the electronic platform or in cases where the web electronic platform of the Republic of Cyprus is temporarily unavailable due to technical issues or scheduled maintenance. In that case they have to carry with them at the Departure terminal the required Documentation. In case the above requirements are not satisfied, either electronically or manually (for the cases permitted), airlines will not permit passengers to board the aircraft and fly to the Republic of Cyprus.*

### Countries of Category B

For Category B countries, during the second phase of gradual lifting of the prohibitive measures, which will be on 20/06/2020, the following documents will be required for flying to the Republic of Cyprus:

- a. Passengers should have conducted, a test confirming negative PCR for Covid-19 during the last 72 hours before departure and possess a certificate which confirms negative PCR for Covid-19, issued from a certified laboratory.

- b. Passengers should complete the Passenger Locator Form and the Declarations for Category B Countries of ANNEX I.

*Note 1: The below passengers will have the option of either arranging themselves a COVID-19 test 72 hours before departure or having this test performed upon their entry to the Republic of Cyprus, on their own expenses. In the case where they choose to have the test performed upon their entry to the Republic of Cyprus, they will self-isolate until the test results are completed and following that, if the test is positive, they will remain in a state of mandatory isolation (quarantine), following the Medical Protocol of the Ministry of Health and they will take precautions and self-protection measures according to the instructions of the Ministry of Health.*

- 1. Cypriot citizens in the Republic of Cyprus and their family members*
- 2. Persons legally living in the Republic of Cyprus*
- 3. Persons allowed to enter in the Republic of Cyprus under the Vienna Convention*
- 4. Persons, regardless of nationality, having a special permission from the competent Minister/Deputy Minister of the Republic of Cyprus*
- 5 Persons, in country categories A and B, where the authorities of these countries, duly substantiated and following an announcement by the Ministry of Health, are not in a position to offer Covid-19 testing to those wishing to travel to Cyprus.*

*Note 2: Passengers who travel from Category B Countries but they have stayed/lived or travelled abroad within the last 14 days or that they have been passengers on an international flight to/from a country from Category C within the last 14 days are considered as travelers from Category C Countries. All the below requirements for Category C Countries have to be satisfied. Airlines will permit them to board on aircraft and fly to the Republic of Cyprus, provided that they carry with them the required documentation and Declarations for Category C Countries.*

*Note 3: Passengers should complete in advance the above requirements of Category B on a dedicated web electronic platform of the Republic of Cyprus, except for those passengers who are 65 years of age and older, especially for those who are not familiar with electronic media, or for passengers who, for any justified reason, did not complete the required documents on the electronic platform or in cases where the web electronic platform of the Republic of Cyprus is temporarily unavailable due to technical issues or scheduled maintenance. In that case they have to carry with them at the Departure terminal the required Documentation for each Country Category. In case the above requirements are not satisfied, either electronically or manually (for the cases permitted), airlines will not permit passengers to board the aircraft and fly to the Republic of Cyprus.*

*Airlines will permit the below categories of passengers to board on aircraft and fly to the Republic of Cyprus, without having conducted, a test confirming negative PCR for Covid-19 during the last 72 hours before departure, provided that they have the «Cyprus Flight Pass» with the indication that the covid-19 test will be performed in the Republic of Cyprus. For the below category of passengers who are 65 years of age and older and especially for those who are not familiar with electronic media or for passengers who, for any justified reason, did not complete the required documents on the electronic platform or in cases where the web electronic platform of the Republic of Cyprus is temporarily unavailable due to technical issues or scheduled maintenance the airline or its handling agent will be responsible to check whether the below category of passengers complete manually and carry with them the Passenger Locator Form and Declarations described above.*

- 1. Cypriot citizens in the Republic of Cyprus and their family members*
- 2. Persons legally living in the Republic of Cyprus*

- 3. Persons allowed to enter in the Republic of Cyprus under the Vienna Convention*
- 4. Persons, regardless of nationality, having a special permission from the competent Minister/Deputy Minister of the Republic of Cyprus*
- 5. Persons, in country categories A and B, where the authorities of these countries, duly substantiated and following an announcement by the Ministry of Health, are not in a position to offer Covid-19 testing to those wishing to travel to Cyprus.*

### Countries of Category C

From Category C countries, during the second phase of gradual lifting of the prohibitive measures, which will be on 20/06/2020, the following conditions will apply:

- a. The following category of passengers will be permitted to fly to the Republic of Cyprus:
  1. Cypriot citizens in the Republic of Cyprus and their family members
  2. Persons legally living in the Republic of Cyprus
